

Local Folks Are Buying In War Loan Postoffices And Banks Report To-day

The slogan for the Fifth War Loan is "Back the attack; Buy more than before" and the citizens of this town are certainly doing it, as evidenced from the daily reports of the various Postoffices and Banks. The total quota for this town is \$40,000 of which at least \$25,000 must come from individuals. Postmasters Skilton and Quinlan say that issues of the various bonds have been purchased every day and that there is a constant sale of War Savings stamps. The "E" bonds are bought largely by small investors at the discount price, but which bring the full face value at the end of ten years. The War Finance Committee of which Frank W. Pearsall is Chairman has sent out a letter to all former purchasers in this town and it has received favorable commendation. The letter contains the names of the members of the committee and said in part, — "If we are to heed the government's request, all must buy Bonds and buy more."

"We do not forget that Northfield has 212 boys and girls in the service, all doing their part. We must not let them down."

It's up to every citizen to do his or her part, without solicitation, without urging. If we measure up in this task the quota for Northfield will not only be secured but a surplus result."

Former Resident Dies

The death of George W. Piper, a former resident of this town took place at the home of his daughter, Mrs. Frank L. Green in Orange on Wednesday June 21. He was 80 years of age and the son of Francis W. and Frances (Morgan) Piper, of Orange. He married fifty years ago the former Evelyn Shephardson of Warwick who survives him. He also leaves, beside his daughter, Mrs. Green, two sons, George B. of Winchester and Charles H. of Greenfield. He was a former Sealer of weights and measures in Northfield and had many friends here. The funeral was held the following Friday afternoon at Kidder's funeral parlors and burial was in Center cemetery.

Helen Mayberry Dies

Miss Helen M. Mayberry, age 28, daughter of Mr. and Mrs. Charles R. Mayberry of Mount Hermon died at the Brattleboro Memorial hospital on Saturday July 1st after an illness of seven months. She was born in Otisfield, Maine and came here with her parents, entering the Seminary and graduating in the class of 1933. She graduated from Keuka college in 1937 and was studying in the Albany Bible school. Up to the time of her illness she was employed in the Albany, N. Y. office of Montgomery Ward. She is survived by her parents, a sister, Verna, and a brother, Paul who is in the service with the U. S. Army Engineers at a post in Virginia.

The funeral services were held from her home on Monday afternoon following with Rev. John Cook of Turners Falls officiating and burial was in the Mount Hermon cemetery.

Heron Fund Increase

The Mount Hermon School Alumni Office announces that the D. L. Moody Living Endowment for the year ending June 30 reached the proportions of \$20,581.93. This is a substantial advance over the previous year and is practically double the amount for 1941 and 1942. It indicates a very wide spread interest in, and loyalty to, Mount Hermon and its work, as well as a sincere tribute to the great Founder of the school Dwight L. Moody.

Wounded In Service

The war department has informed Mr. and Mrs. Fred Stone of Warwick Ave. that their son, Pvt. Carl Stone was seriously wounded in the Italian sector on June first and is now behind in the lines at a hospital. Further detailed information is expected. Carl Stone entered the infantry service in 1943 and was trained at Camp Wheeler, Georgia and Fort Meade Md. He was sent overseas last February.

Finch - Sinclair Wedding At Arlington

Miss Helen Arline Sinclair, daughter of Mr. and Mrs. William J. Sinclair of Arlington, was married to Ensign Carleton Kendrick Finch, USNR, son of Mr. and Mrs. Cortland R. Finch of this town on Friday, June 30, in the Orthodox Congregational church at Arlington, in a double ring service by Rev. John Nicol Mark.

The bride, given in marriage by her father, wore a gown of white slipper satin, fashioned with sweetheart neckline, basque bodice and full skirt with court train. She wore a finger-tip veil with Juliet duchesse lace cap, pearl necklace, a white Bible with cascade of white ribbons, white orchids and stephanotis.

The maid of honor, Miss Nina P. Leonard, was gowned in pale yellow marquisette, carrying a cascade of talisman roses, delphinium and larkspur, with matching tiara. The bridesmaids were Miss Marjorie Wilson and Mrs. Elin Johansson, gowned in shell pink satin and net with pink horsehair garden hats, carrying cascades of pink roses, delphinium and larkspur. The best man was Ensign Franklin Burroughs, USNR.

A reception followed at the Sinclair home where the bridal party was assisted in receiving by their parents.

The couple left on a wedding trip to Twin Lake Villa, New London, N. H. The bride's traveling suit was of pink crepe, with white coat, blue picture hat and corsage of orchids.

Tin Cans Salvaged

Another large shipment of tin cans have been shipped from the salvage collections in the county. The shipment was made from Greenfield and included 4,410 pounds from Northfield.

Greenfield contributed 28,442 lbs., Buckland 4,698 and Northfield was third. Chairman-Luckey O. Clapp of the local Salvage committee deserves much credit for his work and effort in attaining the local collection and he says he will soon announce another appeal to householders to accumulate tin cans.

General Conference Is Cancelled

The Northfield General Conference, scheduled for August 5 to 14 this year on the campus of the Seminary has been cancelled by official announcement and special notice has been sent to all who had forwarded their application for reservations. For the past two years the Conference was maintained by the holding of sessions at the Chateau but prospects appearing much brighter for a larger attendance this season it was moved to the campus and a most interesting list of speakers was secured.

Then came the problems, in food, in labor, and in transportation. Dr. Park in his letter states that several reasons made necessary the cancellation, but the deciding factor was the experiences with the working staff.

The only personnel available was young boys and girls and inexperienced adults, and thus far the supervising staff and faculty members of the schools have had a very trying school year, and they needed rest in preparation for the school reopening in September.

The conferences already held and scheduled entail caring for over 2,000 guests, which crowd the present facilities and overtax the endurance of present workers.

Ration Board Items

Before many weeks, all gasoline coupons will be issued from a central office, and not from local boards. Holders of R coupons which are to be exchanged for E's at the board are asked to get these exchanged as soon as possible, before the new method of issuing begins.

Beginning July 1st, tubes of all kinds were removed from rationing. No certificate is now needed to purchase a new or used solid tire, a used tractor tire, a used implement tire, or a new or used tube.

The new community service member, Mr. Abbey, helped by the price panel, has, through the postoffice, distributed 500 ceiling price leaflets to every one in town who gets mail.

All applications for canning sugar have so far been honored. However, in view of the tremendous amounts issued, boards have been asked to examine carefully all applications, and get assurance from the applicants that they are sure of using such amounts in canning.

Mr. and Mrs. Charles F. Slate have a rose bush on their premises which bears two varieties of roses.

PROVED is his ability as a courageous and conscientious public servant... with his unmatched record as District Attorney of the Northern District, in which office he increased convictions from a previous low of 26% to a new high of 83% — and was re-elected by the people with the greatest plurality ever won by any candidate for any office in the history of Middlesex County.

PROVED is his ability as an efficient public administrator... when, despite the high activity of his office, he cut his budget year by year, reduced operating expenses to the lowest point in a quarter of a century and returned

PROVED is his ability in statecraft... with his record as executive secretary to the Governor of Massachusetts through four years of the stress and strife of depression and unemployment — when, through his hands, passed emergency administrative and legislative details affecting every corner of the Commonwealth; as an elected delegate to the National Republican Convention of 1940 and again in 1944; as a lifelong worker in the rank and file of the Republican Party; as an active advisor to Governor Saltonstall in all of his state-wide campaigns.
